

Jones Engineering Group

Energy Division

Introducing...

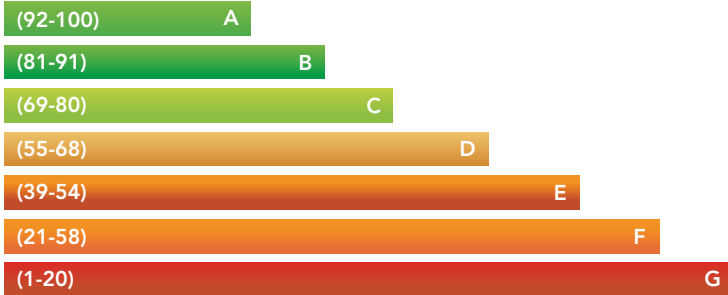

Energy Check

- Reduce your carbon footprint
- Reduce your running costs
- Reduce heat loss

We provide a complete energy audit service to assess the energy consumption of your building. We will highlight areas where energy usage can be reduced and the building can run more efficiently.

As one of Ireland's largest engineering contractors we have over 100 years experience in the construction industry.

We will provide :

- ✓ Building Energy Rating for Domestic dwellings
- ✓ Site survey by experienced engineers
- ✓ Full appraisal & energy rating by our in-house engineers
- ✓ Recommendations on ways to increase energy rating
- ✓ Cost benefit analysis report highlighting possible savings
